When does a Power of Attorney for Health Care become effective?

A Power of Attorney for Health Care generally is effective upon execution and remains in effect until your remains have been laid to rest. You, however, always retain the power to amend or revoke the document at any time. You also have the power to change agents. As long as you are able to make your own decisions, you alone are in charge of your health care and personal well-being.

FAQ'S DISCLAIMER

The CEPC, as a public service, provides educational materials on estate planning topics. Nothing in these materials is to be considered tax, legal, investment or other professional advice. The information is merely provided for educational purposes and no action should be taken without consulting your own tax, estate, legal, financial, investment, insurance and other advisors. The CEPC is not engaged in the business of providing professional services and expressly disclaims any and all warranties in connection with providing these educational materials. By using these materials, you agree to release and hold harmless the CEPC, and any of their officers, employees, and the members of the CEPC Public Outreach Committee from any liability, losses, damages, claims, causes of action, interest, expenses, costs and attorney's fees arising out of or related to the use of these materials.
